## Coleman Citizens League Endorses Proposal to Take Over Opera House

Trustees Appointed to Proceed With Negotiations and Arrange Improvements

The public meeting held in the opera house under the auspices of the Citizens League, on Friday, April 21, was attended by about 100 men and two ladies.

A. M. Morrison, president of the league, stated object of the meeting was to discuss the taking over of the hall by the league and its use as a community hall. He had been in conference with officials of the United Mine Workers of America, and their executives were agreeable to leasing it for 20 years, on the basis of \$100 per year, with the option of renewal for an additional ten years.

Several speakers in favor of the proposal and committee consisting of A. M. Morrison, D. Gillespie and Mayor Pattinson was elected as trustees to proceed with negotiations for taking over the building, and making plans for its improvements.

By-laws of the Citizens League, prepared by R. F. Barnes, were read and approved.

### MRS. DEVINE SR. PASSED ON

At 11:45 a.m. on April 29, Mary Ellen Devine, mother of C. J. Devine and J. J. Devine, passed away after an illness of considerable duration. She was in her 68th year.

The funeral was held on Monday morning, services being conducted at the First Presbyterian Church. The pall-bearers were her sons, Cuthbert and Jack, her grandson Hector McDonald, and P. Barnes, J. J. McLeod and Maurice C. Cooke.

In addition to her son, she is survived by her daughter, Mrs. E. McDonald, of Lethbridge, who came here.

Mr. Devine was born near Truro, Nova Scotia, and was married there in 1888. With his husband, she came west, they first settling at Medicine Hat, where Mr. Devine was a carpenter. The pair were then married with what was then known as the Alberta Railway and Irrigation Co. They later took up ranching in Montana, and Mr. Devine died in 1909 at Condon, Mont., while the family moved to Lethbridge, in 1903, where Mrs. Devine lived the two years ago, when she came to Coleman to reside with her son. She passed away at the home of Mr. and Mrs. J. J. Devine.

The sympathy of many friends was expressed to the family in their bereavement, and many seat floral tributes.

### "A.C." MEMBERS MEET AT LETHBRIDGE

James M. Allan, proprietor of Coleman Cash Grocery, and a committee of Associates, Grocers, and others by Harry C. Jones, of Blairmore, and H. T. Halliwell, attended a meeting of the members of the above organization held on April 26 in the Marquis Hotel, Lethbridge. Practically every member of Associates, Grocers, southern Alberta attended. G. E. Cruckshank of Hillcrest and Mr. Cousins of Blairmore attended. Officers of the organization were present from Calgary. At 6 p.m. a get-together dinner was served in the Marquis.

Associated Grocers, a co-operative buying organization, a committee of partners in new concern, has had a considerable benefit to its members and public by its methods of buying and selling, enabling economies to be effected and maintaining a high standard of the products handled by all "A.G." members.

### CALEDONIAN SOCIETY

A whist drive was held on Friday evening, April 28, in the K. of P. hall, the prizewinners being Mrs. J. Park, Mrs. J. Chalmers, J. Denholme and R. Morris. Eleven tables were in play. "Kiddies night" will be held on Friday, May 26.

### BANDSMEN MEET

On April 24 a number of players met in the council chamber with Alex Easton as chairman and Mrs. W. G. Morris, secretary pro-tem. The band expects to enrol 22 players from among bandsmen in town, and their efforts to reorganize will meet with a generous measure of support.

### ANNOUNCEMENT

Mr. Melville Anderson, eight specialist, of Anderson & McLean, 224 Eighth Ave. W., Calgary, who has been making regular monthly visits to G. R. Powell's jewelry store, announces that he has no connection with any other optician of the same name. This announcement is made to avoid possible confusion. Mr. Melville Anderson will continue his visits to G. R. Powell's store, dates of which will always be announced at the store and through The Journal.

### NECESSITY - NOT RICHES Makes Us Do The Right Thing

Let's thank Heaven for those business firms which are carrying on - fighting the depression. There are many of them. Necessary - not an abundance of riches - forces them to keep going in strength. If they relaxed their sales efforts - if they suspended their advertising - ruin might overtake them.

The interesting thing is that those who are down in the mouth applaud those with steam up and who are fighting for the business to be had. If this world had no fighters we'd all be overcome with despair. As it is we get some buoyancy just from watching the fighters.

But how much better it would be if more of us did some real fighting - if we did some advertising which would buck others up.

## Volunteer Workers on Sports Field Make Good Start on Improvements

Object for which Civic Holiday Was Proclaimed Responsibly Presented to Citizens.

Credit Coming to Those Who Creditively Give Services for Improving Sports Field

Sharp 8 o'clock on Monday morning trucks, teams and a very few men assembled on the sports field, for community service day. The day had been particularly busy, however, but gave everyone the opportunity to turn out and help put the field in better condition. The great majority of the people, stockkeepers and mine workers, spent it in their own way, while Dick Gillespie, chairman of the sports committee, and those who were out, including quite a number of boys, spent the day in moving stones and rocks, drying coke ashes from the fire pits, the low spots, and clearing the field for a basketball ground.

Of the various athletic organizations, the football club was the first to be helped, and the others who were out, including quite a number of boys, turned out and helped put the field in better condition. The great majority of the people, stockkeepers and mine workers, spent it in their own way, while Dick Gillespie, chairman of the sports committee, and those who were out, including quite a number of boys, spent the day in moving stones and rocks, drying coke ashes from the fire pits, the low spots, and clearing the field for a basketball ground.

The proceeds are to be used for purchasing outside games for the school children.

The team taking part in the program included A. Waddington, Marion and Eileen Iwasuk, H. Jorgenson, D. Shepherd, Jeanette Quinn, B. Barnes, E. K. Johnson, and a group of Grade 5 boys. Gaye Collins, Grates 4 and 5, boys of Grade 3, Ludivine Bitter, N. Taylor, the Rhythmic Orchestra, and the senior and junior divisions. The numbers included songs, violin solos, five-minute plays, a farce and instrumental pieces.

One worker expressed the opinion that too many were afraid to give a little time to community work unless it was something for it.

However, those who did work stuck to it persistently, and though there is still a great deal to be done, a great improvement has been made, thanks to the volunteers who willingly gave their work for the day.

Tuesday members of the football club worked on the field and did a good job, which will greatly improve the sports ground.

Their good work is a tribute to sincerity in community improvement and the fostering of goodwill.

### LEAGUE EXECUTIVE EXTENDS THANKS

To all individuals, the mining companies and other firms who have contributed to our concern, has been of considerable benefit to its members and public by its methods of buying and selling, enabling economies to be effected and maintaining a high standard of the products handled by all "A.G." members.

### VOLUNTEERS WHO HELPED ON SPORTS FIELD

G. Pattinson, D. Gillespie, H. McDonald, J. Plante, John Salvador, C. Rogers, Fred Andruschuk, John Marton, Dan Nevey, Eddie Bagnell, Paul Sivens, Steve Bagnell, Tom Clark, W. Hogan, Frank Coccione, Joe D'Apollonia, A. Cabino, E. Salvadore, A. Campbell, Eddie Salvador, Alvin Hayson, Rev. Mr. Tayor, Mr. Charlton, Jackie Anderson, W. H. Hayson, Hubert Hayson, J. Rogers, Walter Nelson, P. Smith, H. T. Halliwell.

Boys: Wm. Trotz, L. Caroe, K. Snowdon, H. Campbell, J. Jones, L. Nelson, Hugh McLeannan, J. Bell, Salvador, Bill Bell, J. Goldring, Billie Naylor, Fred Bedding, J. Taylor, G. Houghton, Frank Sharpe, Ian Smith, Jackie Graham, J. Atkinson, Fred Greenough, Junior Dibble. There were a number of others who came during the afternoon, whose names were not obtained.

A grand opportunity to render a service and to set a good example was available.

A. B. Sanborn was elected president for the ensuing year of Fennie Rotary Club, which was last year president. Thus, Backer secretary-treasurer. Directors include Dr. Asselstine, J. R. Wallace, H. Douglas, R. Pepper and Dr. Gee.

## Will "Lions" Roar in Coleman? Directors Are Optimistic on Visit Here

"Lions" of Lethbridge Address Meeting Here With View Towards Organization.

K. B. Bernard, president of Lethbridge Lions Club; Leonard Coyne and L. B. Knowlton, directors, addressed a meeting of nine business men from Coleman and Blairmore on April 28 in the council chamber organizing a club for the Pass towns. The meeting was arranged by Rev. Roy Taylor, former padre of Lethbridge Lions, and those present were F. Hotte, Lance Morgan, Walter Scott and S. G. Barnard from Blairmore; Mayor Pattinson, A. M. Morrison, W. L. Rippon and H. T. Halliwell from Coleman.

Mr. Bernard outlined the objects of the club, and reported their activities in Lethbridge, where one of their major activities was in providing glasses for children with defective eyes and assisting the adult blind. Knowledge of the club's aims and enthusiasm which lionism stimulates in its members.

After discussion, which lasted for nearly an hour, it was decided that these present would interest other business men in the proposal, and if sufficient interest is shown, a dinner will be arranged at which the district government Judge, John W. McRae, Butte, Montana, and Lethbridge club members would visit Coleman about the middle of May to further stimulate interest in organizing a club in the Pass towns.

### CORBIN SCHOOL ENTERTAINMENT

This annual event, eagerly looked forward to, gave children and parents much pleasure. It included recitations and songs by the junior division, songs and acts by the seniors, and violin solos by several of the older boys. Specials of Mr. W. H. Harris, of Coleman.

### JOHN PETROSKI WON SECOND AT CRANBROOK

John Petroski, of Central school, competing in Cranbrook musical festival, was awarded second place in his class for violin playing the first round, going to George Kerr of Blairmore.

Players from this end of the Pass towns won many honors at the festival, which reflects credit on their instructors.

Those from Coleman taking part were Tony DeCicco, Olga Belevich, Elizabeth Moore, John Petroski, Fred Bleazwick, Rudolph D'Amico, George Vincent.

Upton's orchestra won first prize in the junior competition. In the senior orchestra competition Cranbrook was first with 90 points, Upton's second, 89 points, and Hillcrest third with 84 points.

### FOOTBALL CLUB THANKS SUPPORTERS FOR DONATIONS

\$84.50 was received by the club from the business men and mine officials and workers, for which the club expresses their thanks. W. Chapman, president; J. Poston, secretary, Coleman Athletic Football Club.

### UNITED CHURCH NOTES

The usual services will be held Sunday, May 7 with the minister in charge of the service.

The junior choir will lead the singing in the morning. The minister will preach.

The evening service promises to be of interest. The male voice choir of Hillcrest will render two selections. This choir were winners against two other choirs in the recent festival at Cranbrook. Two more performances will be given by visitors from Hillcrest. A brief message will be given by the minister and an opportunity will be provided for congregational singing.

You will enjoy these services, and church and worship with us. Strangers and visitors will be made welcome.

A "30 Years Ago" item in the Calgary Herald: "O. E. S. Whittles engineer at the McNeil mines at Anzac is a guest at the Alberta hotel."

Miss Timaeus, principal, received congratulations on the splendid work in which the program was organized.

Five weather of the week end at least many to start outdoors again. The tennis clubs are again the center of activity, the golf course attracted its share of players and the softball teams have already played a few games.

Two debt cases were tried in the council chamber on Saturday before Magistrate T. W. Gresham. H. Ostlund, K.C., of Lethbridge, appeared for the parties.

Miss J. Heinrich was in from her school in Todd Creek district to visit her parents.

Alan Short of Coleman Boy Scouts attended the Scout gathering held in Easter Week in Blairstown, at which about 125 Scouts from Schools in Alberta were present. He was included in one of the troops formed there, and the troop of which he was a member were awarded the highest number of points. Alan was the proud possessor of an efficiency badge as a result. Four boys attended from Blairstown, under Scoutmaster George Hills, Provincial executive commissioner. Backman was in charge of the course of instruction.

### TENNIS CLUB DANCE MAY 12

Invitations have been issued for a dance to be held on the above date by the entertainment committee of the tennis club. It will be held in the Grand Union hotel dining room and round tables, tickets \$10 per person. It is an annual event which always proves very enjoyable, and quite a large attendance from Pass towns west to Fernie is anticipated.

Harvey Murphy, alleged Moscow paid agitator, was arrested on a charge of breaking and entering in a residence in Lethbridge on April 25th. He is alleged to have been incited by Murphy as one of ring leaders. He was arrested at Ross Detention, with another. John Newall, detective, was present. Both were arrested and given preliminary hearing before Magistrate Scott in Lethbridge. Bail was refused for Murphy and Newall, due to possibility of their being released until after trial.

To prevent further disturbances, police orders were issued to prevent May Day demonstrations of unemployed in Calgary, Edmonton, Brantford, Lethbridge and Crow's Nest towns.

Wm. Trotz, L. Caroe, K. Snowdon, H. Campbell, J. Jones, L. Nelson, Hugh McLeannan, J. Bell, Salvador, Bill Bell, J. Goldring, Billie Naylor, Fred Bedding, Frank Sharpe, Ian Smith, Jackie Graham, J. Atkinson, Fred Greenough, Junior Dibble. There were a number of others who came during the afternoon, whose names were not obtained.

A grand opportunity to render a service and to set a good example was available.

A. B. Sanborn was elected president for the ensuing year of Fennie Rotary Club, which was last year president.

Thus, Backer secretary-treasurer.

Directors include Dr. Asselstine, J. R. Wallace, H. Douglas, R. Pepper and Dr. Gee.

How about your subscription to the Journal? Do it today!

### LETHBRIDGE B. of T. OFFICERS MAY VISIT PASS TOWNS

R. W. Greenway, president of Lethbridge Board of Trade, and J. S. Rose, secretary, invited to the B. of T. that they intended making a visit here shortly, and meet the local board. Advance notice of their visit will be given, and if possible a gathering will be held to which all business men and others interested will be invited.

### COKE INDUSTRY INCREASES PAYROLL

Coke manufacturing proceeds on a steady basis, bringing a substantial increase to the payroll of International Al Coal & Coke Co. Ltd., which is reflected in increased business among the coal miners.

It is fortunate for the town that the coke ovens are again in operation after many years of idleness, as coal output for the Canadian Pacific Railways was steadily decreasing because of drastic reductions in their mileage on all western lines.

### Rod and Gun Club Appoints R. Penman as New President

Beart Reports on Interview with Director of Fisheries on Import-Tuna Matters.

At the regular spring meeting held on April 30, R. Penman was elected president, and D. G. Phillips, secretary-treasurer.

John Phillips and E. W. Heart, who have filled those offices for the past three or four years with good service to the club, were succeeded on an interview he had with R. T. Rodd, director of fisheries.

Among matters discussed with a view to remedying same was the creation of a state park at Crows Nest Lake, east of town, from refuse dumped which affected the fish.

The removal of a dam at Crows Nest Lake, east of town, and the removal of a bridge at Parry's Creek, west of town, was erected in connection with the flume of McLaren Lumbar Co., and now in use.

Removal of suckers would be attempted under the direction of Mr. Rodd.

If he would recommend the opening of the lake earlier than June 15, Mr. Rodd stated he could do so, as it would be detrimental to fish conservation in the district.

It was suggested that the local club open with the provincial Fish and Game Association, whereby more power would be given to efforts being made to conserve the fish and game for greater protection. The entry fee is 10c per member of all local associations.

Mrs. Tomkins and son, of Brocket, were the guests of Mrs. W. Hoggan for several days.

A number from Coleman attended the mass meeting held in Blairstown on Monday, which was addressed by quite a large number of speakers.

## School Trustees Discuss Various Matters of Importance at Meeting

Rowdyism in Cameron School Grounds Brings Threatened Action Against Offenders.

A regular meeting of the school board was held April 27 in the office adjoining the school. Present: J. M. Allan, chairman, Trustees G. Hope, G. Evans, R. Sudworth and A. Reid.

The minutes of the previous meeting were adopted.

The dental contract with Dr. Lillie was renewed.

Accounts were not brought forward for payment owing to it not being the month.

The meeting was in session from 7 p.m. till 11 p.m., some time being taken up in discussions on proposed by-laws and action taken.

The dental contract with Dr. Lillie was renewed.

Accounts were not brought forward for payment owing to it not being the month.

# Deportees From Russia Are Welcomed On Arrival In London

London, Eng.—Greeted by rousing cheers from a large crowd, the British technicians who were deported from Russia as a result of their sabotage and espionage trial arrived in London today, still showing traces of their experience in Moscow, but smiling happily over the warmth of their welcome.

The deportees, Allan Monkhouse, John Cushing and C. H. Nordwall, were accompanied by A. W. Gregory, another Metropolitan-Vickers Electrical Company's engineer who was acquitted in the Moscow hearing last week, and Nordwall's Russian wife, who had never before seen England.

The four condemned Britons stood bareheaded as the crowd sang the National Anthem, and then greeted their anxious friends and relatives. Subsequently, Sir Felix Paley, chairman of the Metropolitan-Vickers, accompanied them to a hotel for a quiet reunion with their more intimate friends.

None of the men would talk about the trial before a Soviet court, their detention, or their previous arrest and questioning by the Russian secret police. Their silence on these points was at the behest of the company officials and continued the firm refusal to be interviewed they expressed on their departure from Moscow or at the stops en route.

Monkhouse, the former director in Russia of the firm, however, repudiated entirely the idea attributed to him in London newspapers that some of the accused Britons were subjected to hypnotic treatment while under arrest in Moscow.

(Two other engineers, L. C. Thorne-ton and William L. MacDonald were sentenced to two and three-year prison terms respectively upon conviction of like charges.)

"I gave no interviews whatever regarding my experience," Monkhouse declared, "and the statements attributed to me regarding hypnosis are a fantastic invention."

Monkhouse said they were well treated in prison, "but the prison and the place where we were interrogated for nearly 17 hours were things apart."

## Marketing Farm Products

**Working On Plan Which Will Be Great Aid To Industry**

Ottawa, Ont.—The Dominion government has been studying the question of marketing farm products of the Dominion abroad and the Minister of Agriculture and myself have been working out a scheme of cooperation which will be of great help to the industry in Canada," stated Hon. J. H. Steeves, Minister of Trade and Commerce, in addressing the Dominion conference of dairy farmers here recently. The minister expressed the hope the scheme would be in operation in a few weeks.

## Brewery Swamped With Orders

St. Catharines, Ont.—A local brewery has swamped it literally with orders for beer from all over the eastern United States and from as far away as Atlanta, Ga. The first shipment was sent to Utica, N.Y. "There is a demand for 200,000 barrels a day," said E. T. Sandell of the brewery.

## Advance Of Canadian Dollar Towards Par Effects Exchange Savings

Ottawa, Ont.—Some conception of the effect upon Canada of a return to par of Canadian money in the United States market may be secured from a Dominion Bureau of Statistics report which shows Canada's total obligations, payable in United States funds during the calendar year 1933, to be \$266,125,000. This covers interest on bonds and principal of maturing bonds repayable in United States money.

These figures include obligations of Dominion, provincial and municipal governments, and corporations.

With the premium at last Monday's figure, the additional amount which Canada would have to pay in these payments would be over \$50,000,000. Every advance of the Canadian dollar toward par, therefore, if maintained,

would mean a saving of millions. Assuming the obligations due up to the end of March of this year have been met, these Canadian debtors would still have to pay out, in United States funds if demanded, about \$225,000,000 over the remaining nine months of the year.

Premium rate of 13% per cent.

on American funds, as compared with around 20 a few years ago, would mean a saving of approximately \$15,000,000.

In addition, commentators foresaw increased values in wheat and other commodities as reacting favorably and a tendency toward stabilization of foreign trade with improvement in the exchange situation. What disadvantages there are, it was believed, would be offset by advantages, so far as Canada is concerned.

These figures indicate obligations of

Dominion, provincial and municipal governments, and corporations.

With the premium at last Monday's

figure, the additional amount which Canada would have to pay in these

payments would be over \$50,000,000.

Every advance of the Canadian dol-

lar toward par, therefore, if main-

tained,

## Would Solve Economic Crisis

### Premier MacDonald To Work Whole Heartedly With Roosevelt

Washington.—Prime Minister Ramsay MacDonald dedicated himself Friday night to seeking with President Roosevelt a solution of the economic crisis.

Brushing aside suggestions of British anxiety over the recent American action in going off the gold standard, the prime minister told newspapermen it was his purpose to work wholeheartedly with Mr. Roosevelt to improve conditions.

Standing behind the desk of President Roosevelt in the executive office here, the British statesman unfurled at some length his hopes for the conference. He declined to be quoted directly.

Asked about stabilization of currency, he replied the United Kingdom has long sought an opportunity to bring this about.

He emphasized he was a quest, and as such was submitting no specific program, at least just now. But he added that there would be no holding back on his part and his purpose was to pool his thoughts with those of Mr. Roosevelt and the statesmen of other countries in a thorough exploration of the world economic situation.

## Present Problem

### Unemployed In Saskatchewan Flock To Cities

Regina, Sask.—Single unemployed are coming in from farms, where they have been assailed all winter by the Saskatchewan Government, and are presenting a problem to officials. The population of the camps at Regina, Saskatoon and Moose Jaw have jumped by about 400 in the past month.

The men were paid \$5 a month by the relief commission and pieced on the men to go, stating they are not in a position to pay them wages during the summer.

Few farmers are taking men in Saskatchewan at the present time.

## B.C. Exhibit

### Fine Display For International Grain Show At Regina

Victoria, B.C.—Hon. W. C. Buckle, Minister of Agriculture for Saskatchewan, is in Victoria conferring with the British Columbia government in connection with this province's natural resources exhibit at the international grain show, to be held at Regina in July. British Columbia will have space 100 feet long and 15 feet deep, the central feature being British Columbia finished woods, the wings on either side being devoted to agricultural, mines and fisheries exhibits with game heads as decorative displays.

## Snow In Britain

London, Eng.—Winter returned to England last week after a long spell of mild, dry weather which had brought fruit trees to blossom in many sections two or three weeks ahead of normal. Snow fell to the depth of several inches in parts of Kent and Yorkshire.

## No Political Jobs

**Premier Bennett Says Appointment Of Rail Trustees To Be On Merit**  
Ottawa, Ont.—"I do say that the appointments of these trustees will not be political," Prime Minister R. B. Bennett promised the House of Commons committee considering the rail way legislation.

Mr. Bennett then proceeded to define political appointments as those involving the selection of a man because of his services to a party and who possessed no other qualification for the position to be filled.

Mr. Bennett stressed difficulty of securing suitable men in Canada to fill important posts, for this country did not have the great reservoir of public men which existed in the United Kingdom.

No one knew better than the opposition leader what these difficulties were.

The number of men who are willing to serve their country at present is amazing, commented Mr. Bennett. To make the necessary selection was a most difficult task, particularly when confronted with the innumerable applicants "whose only qualification lies in their ability to provide pressure."

Standing behind the desk of President Roosevelt in the executive office here, the British statesman unfurled at some length his hopes for the conference. He declined to be quoted directly.

Asked about stabilization of currency, he replied the United Kingdom has long sought an opportunity to bring this about.

He emphasized he was a quest, and as such was submitting no specific program, at least just now. But he added that there would be no holding back on his part and his purpose was to pool his thoughts with those of Mr. Roosevelt and the statesmen of other countries in a thorough exploration of the world economic situation.

## Another Mount Everest Flight

### Two Aeroplanes On Second Flight Negotiate High Mountain

Purnach, India.—Two aeroplanes of the Houston expedition flew over Mount Everest, the highest mountain in the world, for the second time within recent weeks.

The flights, which required exactly three hours, were made in good weather. The time of the flights corresponded with the first conquering of the peak on April 3, when planes flown by the Marquess of Clydesdale and Lieutenant D. F. McIntyre, crossed the lofty mountain.

Those who participated in the flight were the Marquess, Lieut.-Colonel L. V. S. Blacker, who participated in the first flight, Air Commodore P. F. M. Fellowes and a moving picture operator named Fisher.

At lower altitudes visibility was a bit hazy, but at the higher levels it was excellent.

The men wore paid \$5 a month by the relief commission and pieced on the men to go, stating they are not in a position to pay them wages during the summer.

Few farmers are taking men in Saskatchewan at the present time.

## Can Be Made Public

### No Taboo On Correspondence Over Finances Of Provinces

Ottawa, Ont.—No reason exists why correspondence between the federal government and the western provincial governments with regard to the financial conditions of these provinces should not be made public, Prime Minister R. B. Bennett told Rt. Hon. Mackenzie King, opposition leader, in the House of Commons. The correspondence tabled a few days ago in the Manitoba House covered that province and also the other provinces so far as the federal end of the matter was concerned. One of the provinces had not yet replied, the Prime Minister added. However, in spite of that, he saw no reason why the correspondence should not be tabled.

Premiera Tolmie, of British Columbia; Anderson, of Saskatchewan, and Bracken, of Manitoba, replied with details of their proposed financing, indicating they had budgeted well within the limit set by the prime minister, and outlining the grounds upon which their estimate had been based.

These conditions were set forth in a lengthy letter which the prime minister directed on March 9, last, to the premiers of Manitoba, Saskatchewan, Alberta and British Columbia. Copies of these letters and some of the replies of the premiers and other correspondence on the subject of loans to the provinces, were tabled in the House of Commons today.

## NOTES AND COMMENTS

A civic holiday and schools holiday was proclaimed on May-Day, at the request of the Citizens League executive, to enable all citizens to take part in community work. The majority of store-keepers and business men and their helpers were not there. The mayor was there, a minister was there, the writer was there, and a number of mine-workers, but as an example of community co-operation, the bald truth must be admitted that it simply was not. Without vision the people perish, and the vision of what might have been accomplished was certainly very dim in the eyes of those who used the day simply as a holiday to suit their own pleasures.

There may be some excuse for mine-workers who look upon May-Day as a holiday, but the same excuse could not be urged by many who should have been there. Nothing brings greater satisfaction than doing something of your own free-will. Many fail to realize the truth of this. Dave Gillespie truthfully remarked as he scanned the field: "One volunteer is better than twenty pressed men." The force of example has far reaching influence.

The plot of ground at the town hall has been an eyesore for twenty years, during which repeated efforts have been made to make it worthy of the municipal building, which in itself is not an imposing structure. Mayor Patterson has secured plans for building a much needed wall to cost about \$300, which would indicate that someone has sufficient civic pride to improve the surroundings of the town hall. But when it comes to getting an appropriation passed by the council, with a contribution by the school board, many excuses are forthcoming, which are on a par with the old saying that any excuse is better than none.

The object of making a garden plot, protected by an ornamental wall, is to enable the war memorial to be given a suitable setting. Had the money raised some years ago been used for that purpose, the wall and cairn would have been erected long since. With commendable action, the war memorial committee agreed to purchase an up-to-date X-Ray machine for the hospital, costing over four times as much as the proposed wall. Surely it is not asking too much that an appropriation be granted. Those who bring forward reasons why it should not be are in reality just straining at the proverbial knat. A broader view is required in dealing with this matter.

School salaries are under discussion. No revision has been made since the commencement of changed conditions of the past four years. A voluntary contribution of five or ten per cent. has been suggested to avoid salary revision. Every business man and every mine employee has suffered a very heavy depletion in income since 1928, which has caused ratepayers to scan the salary list of approximately \$24,000 paid to teachers, of which less than one per cent. has been contributed towards local relief. Voluntary action by the teachers would probably avoid any revision of the salary list. Under changed conditions many are closely scrutinizing the action which may be taken by the board or the teachers, before expressing any definite opinions.

A community carnival is in the offing. It can be made a splendid success by everyone injecting some enthusiasm into it. The object is to raise money for community work. A town is no better than the people who live in it. Therefore, remember, if a town is good or bad, the praise or the blame lies largely with the people who comprise its population. Every one, man, woman or child, can do their bit towards making it a better place.

Those who give many hours of unused thought and labor should be accorded the whole-hearted support of those who are just asked to give their moral and financial support. Just don't let "George" do it all. By all means give the boys a hand.

'Tis better to have tried and failed than never to have tried at all. Do something, stand for a principle, even if you have to bear criticism. He who does nothing, who attempts nothing beyond what is set for him to do, will always be just a cipher, while the man of action will be at the head of the trailing line of those who form the vast army of the mediocre. If you are content to stand around waiting to be told the next job to be done, you must not grumble if you are left when men of initiative may be required.

## LOCAL AND GENERAL

Belle Flynn, Gwen Brown, Ivor Morgan and Idris Hayson returned from Alberta university for the summer months. Margaret Allan who will graduate this year, remained for the graduation exercises to be held later in the month, which will be attended by her parents.

Jim Fraser of Lacombe is visiting his parents here.

Mr. and Mrs. Steve Machin have returned from Calgary to live here.

A. Harper, of Remington Typewriters, is in town, and those requiring repairs or information on new machines should telephone Journal office, 209.

# Canada Has Become One Of The Most Popular Playgrounds On The North American Continent

In recent years Canada has become one of the most popular playgrounds of the North American continent and millions of tourists visit this country annually, in search of recreation.

Canada possesses an extensive system of modern highways, with good secondary roads linking together the main routes of travel. Excellent train services are in operation be-

adventurous Canoe and equipment may be rented and guides are available in practically all districts. Subject to reasonable fee presentation regulations the canoeist, camper, camera hunter or student of wild life may come and go, unrestricted through the country's vast forest areas. Canada's fishing waters, on account of their extent and diversified

tween the principal cities, while steamship lines connect lake and ocean ports. Every class of travel accommodation is available, from tourist camp to luxurious hotel. Our larger Canadian cities possess some of the finest hotels in the world and the majority of smaller cities and towns have modern establishments which cater to the traveling public.

Within reasonable touring distance of the main centres of population, recreational attractions of outstanding merit are to be found. Lakes and rivers well stocked with fish, hunting areas of vast extent and camping grounds in their natural state, are only a few of the many features which make the country a popular vacation land during all seasons of the year. An atmosphere of old France permeates Quebec and the Maritimes, while Ontario and the

nature, provide an exceptional range of sport for the angler. The game fish include, salmon, brook trout, lake trout, bass, muskinkonge, pike, pickerel, grayling, steelhead and tuna. Intelligent protection and constant restocking help to keep up the supply of fish in the popular districts while in the more remote areas there are still plenty of virgin waters. The cost of fishing licenses is moderate and the open seasons are long.

Canada is well supplied with golf courses and new ones are being built in every province. No city is without at least one golf club and most of the large towns and popular summer resorts have courses. Tennis is also popular in all parts of the country.

A number of specially prepared booklets on Canada's recreational attractions and automobile road maps indicating the main connecting high-

Western provinces have much to offer by way of historic sites and monuments.

For those who desire a vacation close to nature, a canoe trip is ideal and Canada's extensive system of rivers and lakes offers a limitless choice of route and type of trip. For the novice there are many trips close to civilization, which may be gladly provided, upon request. In order that the most complete information may be supplied it is desirable that applicants be as specific as possible in the area in which interested.

## Canadian Gold Output

Returns For January Show Slight Reduction Over Last Year

Canadian gold production in January last totalled 233,456 ounces, as compared with 266,719 ounces in the preceding month, and 233,826 ounces for the corresponding month in 1932.

Ontario led the provinces for the month with 171,879 ounces. Quebec was next with 33,041, British Columbia produced 17,804 ounces, Manitoba 10,491, and Nova Scotia 241 ounces.

A new wood pulp material has properties similar to celluloid and is being used in manufacture of toys.

W. N. U. 1931

## Oats For Poultry

Good Quality Oats Are An Excellent Feed For Flock

Many poultry keepers do not give oats their proper place in the ration to their flocks. This, probably, is due to the fact that much of the oats placed on the market are not well dried and when offered to the poultry are not eagerly eaten. Oats have a fibrous hull, and it is probably largely on that account that the birds take more readily to wheat or corn. However, when oats are of a good quality, they are an excellent feed as has been demonstrated by the Dominion Department of Agriculture, and as soon as the flock becomes accustomed to oats they will eat this feed greedily.

## Boy Scouts

**Two Hundred and Fifty-One Medals Are Awarded For Life Saving Work**

Since the inauguration in 1921, of awards to Boy Scouts in Canada, 251 medals have been given for life saving or notable work in a serious emergency, and 49 certificates of merit and 25 letters of commendation for valuable service in lesser emergencies. The medals include 14 bronze crosses for life saving at grave personal risk, 108 silver crosses for life saving at serious personal risk, and 129 gilt crosses for life saving without serious risk, or other notable work in an emergency.

## Require Special Care

**Precautions Necessary To Keep Bees From Drifting In Spring**

Bees know their home by location only, but when they have been forcibly confined to their hives for long periods, location is forgotten and landmarks must be learned again when the next flight is taken. Bees that have been re-located in cellar or dugouts are, as a rule, badly disorganized when taking their first flight in the spring, unless special precautions are taken to prevent an immediate flight when removing them from their winter quarters.

If weather conditions are such that the bees may fly freely when they are returned to their summer lands, they will run, poll-mill from their hives without locating themselves, with the result that many may drift to other hives when the flight is over. Drifting usually causes the strong colonies to become stronger and the weak colonies weaker.

To prevent drifting, indoor winter colonies should be moved from their winter quarters when the weather is suitable for an immediate flight, or late in the evening after all flight for the day is over. This will reduce the excitement and enable the bees to become acquainted with their new location gradually.

Placing colonies too closely together encourages drifting, especially if the hives are all uniform in appearance, the entrances all facing in one direction, and there are no guiding marks for the bees to follow. The colonies should be at least six feet apart and even then some drifting may occur. Bees that have been outside have already learned their location, but if several colonies are standing together in one case, considerable confusion and drifting may be caused when removing the cases in the spring, especially if the hive entrances are close together. The cases are best removed and the colonies spread apart when the bees are confined to their hives because of bad weather.

Drifting is a spring problem, for once the colonies become established, little or no drifting occurs. If drifting can be prevented when returning the colonies to their summer stands, later work of equalization will be avoided.

## Making a Rose Bed

**Preparation Of The Soil To Ensure The Best Results**

In order to make a good bed for roses where the soil is not naturally deep and where there is poor drainage, first remove the good soil from the surface, then remove the lower soil so that about two feet in depth of soil is removed altogether. Then, if the soil needs drainage, lay three-inch tile on the bottom with sufficient fall to carry the surplus water away, having, of course, some outlet for it. If this tile drainage is not practicable, some gravel or small stones below the two feet of soil will help the drainage.

Put good surface soil, preferably with some clay in it, on the bottom, spread a heavy coat of rotted manure on it, and dig it in. Then put back the surface soil which had been removed from the bed, or better soil if it is poor, and again dig manure into it. This says Dr. Macoun, the Dominion Horticulturist, should make a good bed for roses.

## Steam Powered 'Plane

**Public Demonstration Is Given At Oakland, California**

A public demonstration of a steam-powered aeroplane was given at Oakland, California, by its creators, William J. and George Besler, sons of W. G. Besler, chairman of the board of the New Jersey Central railroad.

Piloted by William J. Besler, the plane flew for about five minutes and then performed various tricks in landing and taking off. One of the features shown was the ability to come to a quick stop after landing by reversing the motor and running the propeller backward. Landing at 50 miles an hour, it was able to stop within about 100 feet.

The Beslers said they would not further develop the engine for aerial plane use at present but would turn their efforts toward production of railway equipment in the plant owned by their father in Davenport, Iowa.

Another feature of the 'plane was its silence. Flying 100 feet above a group of spectators, William Besler leaned out of the cockpit and shouted "Hello." He was heard plainly on the ground.

He said the 'plane would travel 100 miles on about 40 cents worth of fuel oil and was capable of a cruising speed of 100 miles an hour.

A class of boys was asked to write a short story. The shortest story, and the best, came from the pen of a small boy, who wrote: "One bull, two toroeadors; one bull, one toroeador; one bull."

## Scrap Flow, Desolate Bay In The Orkney Islands

# Wheat Production In The Western Provinces Is Said To Be Rapidly Approaching Peak

## Canadian Labrador Has Thirty Small Villages

**Medical Missionary Gives Interesting Talk On Community Life**

Life in the Canadian Labrador with Harrington hospital as the centre of a community was described at London, Ontario, recently by Dr. Donald Hood, now on furlough, and for seven years the hospital staff. In the Canadian Labrador there are 30 small villages; education, although controlled by the provincial department of education is still backward and there are few qualified teachers, most of the teaching being done by the young people of the district who had only elementary schooling.

The hospitality of the people is wonderful," Dr. Hood said: "They may only have bread and a baked apple, but it is shared joyfully with their guests." Difficulties of an insufficient supply of fresh water were cited. There are no wells, and the granite formation of the rocks, the oldest known, defies all efforts.

Harrington they are dependent on the rainy season for their water supply. As far as bales are concerned, old overcoats, past all other possible use, are welcomed. These are made into "shoes" for the dogs who suffer from bleeding feet caused by continual trotting on the ice.

## Winnipeg Newspaper Union

By Ruth Rogers

The future of the Canadian export trade in wheat is discussed by Dr. D. A. MacGibbon, professor of political economy, University of Alberta, in a paper published with numerous graphs, in the University of Toronto studies in history and economics. His conclusion is that Western Canada is destined long to remain an important cultivator and exporter of wheat, but that we are approaching more closely than people suspect the peak of production and export of wheat.

In 1928 Western Canada harvested approximately 545 million bushels of wheat, and sold to the world wheat and wheat flour valued at \$428,500,000. In 1929, when Canadian wheat was practically withheld from the world's markets, exports shrank one-half. In 1930 carryovers or surpluses of wheat, the great fall in prices of wheat, and the financial difficulties of the wheat pool appeared as serious problems, and in 1931 there occurred the disastrous drought in the southern half of Saskatchewan and in adjoining parts of Alberta and Manitoba.

Dr. MacGibbon calculates that Saskatchewan may reach a maximum yield of about 405 million bushels of wheat, or an increase of about 85 million bushels. By a similar calculation Alberta may reach 211 million bushels. Manitoba is reaching a stabilized position. Hence, he arrives at a possible maximum wheat crop of about \$70 million to 700 million bushels in Western Canada. But after Saskatchewan and Alberta reach the point of maximum production there will be a considerable decline just as there has been in Ontario, Manitoba, Minnesota and elsewhere.

Between 1924 and 1928 Canada exported on the average 362 million bushels of wheat. The rapidity with which the remaining land suitable for agriculture is settled will largely determine whether Canada will ever substantially beat this average. Personally, Dr. MacGibbon does not expect much increase in exports. On the other hand he sees no ground for believing that average exports will fall below 200 millions for many years to come. The late Professor May in his paper read at the British Association in Winnipeg, 1909, estimated wheat for export at 232 million bushels. Dr. MacGibbon thinks that, even with this quantity, wheat would probably continue to be our most important article of export.

It may be that the authorities quoted have not made full allowance for as yet unoccupied wheat lands of the Peace River Country and the North West Territories. Even in the settled portions of the Prairie Provinces millions of acres are yet untilled. There is also the fact that new types of hardy, rapidly maturing wheats are constantly pushing the wheat line northward. On the other hand the progress of mixed farming will operate to curtail the acreages sown to wheat—even though the present proposal to limit wheat planting internationally comes to nothing—Toronto Mail and Empire.

## Coat-Like Dress Individually Wrapped Closing So Well-Liked By Matrons

A soft woolen in subdued black and white check made this practical dress smart.

The blazer finish the bodice closely terminating in a bow at the waist, are white rose crepe silk. It's the most simple model to fashion—and economical too.

Style No. 903 is designed for sizes 38, 40, 42, 44, 46 and 48 inches. Price \$35.00-\$45.00-\$48.00-\$50.00-\$52.00-\$54.00-\$56.00.

It would be equally smart carried in navy blue crinkly crepe silk with a trim of white.

Printed crepe silks are delightful mediums.

Price of pattern 20 cents in stamps or coin (coin is preferred). Wrap coin carefully.

WORLD HAPPENINGS  
BRIEFLY TOLD

The Roosevelt's economy campaign is heading for a reduction of from 14,000 to 18,000 in the strength of the United States army.

Approximately 15,000 acres will be sown to sugar beets in southern Alberta this year, an increase of 1,000 acres.

Amelia Earhart has received the award of the 1932 Harmon International trophy for women flyers for her flight across the Atlantic in May, 1932, the first crossing ever accomplished by a woman alone.

Decrease of more than 1,000,000 pounds was shown in butter holdings on April 1, as compared with the corresponding date last year, according to a report issued by the Dominion Bureau of Statistics.

Placer gold output in British Columbia increased from \$18,711 in 1929 to \$346,800 in 1932, a gain of nearly 200 per cent. Fine miners certificates were issued to 10,000 men last year.

Long a source of revenue to dwellers on the outposts of civilization, bounties on timber wolves have been slashed 50 per cent. Henceforth the bounty will be \$15 per pelt compared with the \$40 formerly paid.

To assist school districts, municipalities and other public bodies to improve the surroundings of schools, public buildings and community centres, the Alberta government will deduct close to 3,000,000 caragam seedlings.

A rate war among trans-Atlantic lines, it was reported in shipping circles, will be the probable result of differences between members of the shipping conference respecting rates for first class and cabin class accommodations.

Closing of Government House at Edmonton, official residence of the Lieutenant-governor of Alberta, in preference to reduced educational grants by the Alberta government was urged in a resolution passed by the executive of the United Farmers of Alberta.

## B.C. Eugenics Board

Will Assume Control Of Its Duties July 1st

British Columbia's board of eugenics, to be created under the Sterilization Act, will assume control of its duties when the statute comes into effect, July 1. It will be a voluntary board, composed of a member of the judiciary, a psychiatrist and a social worker, yet to be named, who will serve without remuneration.

The duties of the board will be to pass upon recommendations from superintendents of any provincial mental home or industrial schools, where it is suggested that hereditary mental deficiency or serious mental disease may be passed on to successive generations without interference. If the consent of the patient or a guardian is obtained, the board may order application of the statute in such case, for holding individual investigation into the case. Where consent is withheld, the operation would not be performed with in any case. The cost would be borne by the institution concerned and choice of a surgeon would be accorded.

## Making Sugar From Wood

Suitable For All Kinds Of Confectionery Is Claim

After ten years of experimentation in his laboratory, the noted German chemist Bergius, to whom the Nobel Prize was awarded for his process for liquifying coal, has perfected a process for making sugar from wood. It is now being put into practical application under his supervision.

The finely ground and dried wood is placed in a great kettle with an admixture of 40 per cent. muriatic acid, and treated with a diffuser battery until a syrup is produced. This syrup of molasses is then boiled down, evaporating the acid, and a further step in the process converts it into wood sugar, which can be used, as can also the molasses, as a fodder for animals, for making yeast, for distilling alcohol and for other purposes.

Still another step changes the wood sugar into chemically pure grape sugar, which can be used for all kinds of confectionery, taking the place of cane or beet sugar.

## Copper Walls For Bungalows

Bungalows with copper walls are being constructed in Germany since it has been found that this metal offers advantages over steel houses, principally because it is rust-proof and requires no protective coat of paint.

W. N. U. 1932

## The Debt Adjustment Act, 1933

Important Legislation Passed In Saskatchewan At Recent Session

The Debt Adjustment Act, 1933, passed at the recent session of the Saskatchewan Legislature does not differ very materially from the act of 1932, which it replaces. Its scope, however, is much wider. While the former Act applied only to certain specified classes of residents, the new Act protects every person who is an actual resident of the province, and that protection extends to every person who, though not an actual resident, is engaged in farming and in the province on which a majority of his family conducts farming operations. All companies, except banks, carrying on business in the province, are also protected.

## Amicable Settlements Between Debtors and Creditors

The new Act repeats the provisions of the superseded Act with respect to amicable arrangements for the settlement of debts. Arrangements may be made, through the medium of the Debt Adjustment Board, between a resident and his creditors, and may provide for settlement of the resident's debts either in full or by a composition.

If an adjustment cannot be arrived at between the resident and his creditors, the board is empowered to determine whether to pay the debts on which the resident ought to pay the claims of his creditors and on which the creditors ought to accept the amount of their claims, and in case the resident fails to comply with the directions given by the board, the board may issue a permit authorizing the creditors to proceed against the resident.

## Readjustments Between Debtor and Creditors

Falling an amicable agreement between a resident and his creditors, or failing compliance with any directions given by the board, the board is empowered, upon petition of the resident or any creditor, to make such recommendation as it deems expedient for the relief of the resident or for a re-adjustment of the contractual relationship between the resident and his creditors, and in regard to the economic conditions prevailing at the date when the indebtedness was incurred, those existing at the date of the petition and existing up to the date of trial for trial. In particular the board may, by order, provide for postponement of payment of all or any debt of the resident, prior to the issue of proceedings, or for the execution of proceedings, or for the payment of his debts, or for the payment of any part of his property in such manner as the board deems expedient.

## Proceedings Prohibited Unless Permit Issued

The main provisions of the Act are contained in section 11. That section commences by providing that no legal or other proceeding, including in certain described classes, shall be taken, made or continued against a resident unless a permit has been issued for the purpose by the Debt Adjustment Board or a member thereof, or by any person authorized by the Lieutenant-Governor in Council.

The prohibited classes of proceedings are as follows:

(a) action or suit for any legal, equitable or statutory claim, demand, debt or account, or for any money due;

(b) action or suit, or proceeding upon a covenant under an agreement for sale or mortgage of land or assignment of such agreement for sale or mortgage;

(c) proceeding, or proceeding for sale under or foreclosure of a mortgage on land, or for cancellation, rescission, or specific performance of agreements for sale of land, or for recovery of possession of land, whether in court or otherwise, commenced and set down for trial prior to the coming into force of the Act;

(d) action or proceeding for sale under or foreclosure of a mortgage on land, or for cancellation, rescission, or specific performance of agreements for sale of land, or for recovery of possession of land, whether in court or otherwise;

(e) proceeding to acquire title to land by virtue of tax or tax exempt or preliminary application for title to purchase to a registrar of land titles pursuant to any by virtue of section 53 of The Act of Taxes Act;

(f) proceeding by way of execution;

(g) action or proceeding to sell land under or in satisfaction of any judgment or decree of a court;

(h) seizure in the course of an execution or distress, or under any lease agreement for sale, chattel mortgage, hire purchase agreement, or conditional sales agreement, whether in court or otherwise, at common law or under statute;

(i) seizure under any agreement for sale of land used and occupied by the resident; property;

(j) seizure under any agreement for sale of farm land or under any share of crop lease or crop payment agreement for sale or mortgage, in excess of the share to which the resident is entitled under section 2 and 3 of The Limitation of Civil Rights Act, 1933, and whether by virtue of rights at common law or under statute;

(k) such other class of legal or other proceedings as may be brought within the provisions of the act by order of the Lieutenant-Governor.

And the prohibition applies to proceedings commenced either before or after the twenty-seventh day of March, 1932, the date on which the Act came into force.

But there are some important exceptions to the general prohibition set forth. These exceptions are as follows:

(l) such other class of legal or other proceedings as may be brought within the provisions of the act by order of the Lieutenant-Governor.

And the prohibition does not apply to any contract made or entered into by a debtor, the whole of the original consideration for which arose after the first day of April, 1933, nor to

## PRINCESS PAT'S HUSBAND RECEIVES IMPORTANT APPOINTMENT

Rear Admiral Hon. Sir Alexander Ramsay, who married Princess Patricia, daughter of the Duke of Connaught, has been appointed in command of Britain's aircraft carriers succeeding Rear-Admiral Reginald Henderson. Sir Alexander in his varied naval career has had wide experience with these ships and it is expected he will hoist his flag in the "Courageous," one of the finest of aeroplane carriers. Above is a picture of Rear-Admiral Sir Alexander Ramsay and also of the "Courageous."

privileges which execution debtors now enjoy.

## Agreements Waiving Act Have No Effect

Agreements providing that the Act shall not apply, or that the remedies provided by it shall not be available, are declared to be null and void and of no effect.

## Crop Payments

A reference has been made to sections 2 and 4 of The Limitation of Civil Rights Act, 1933. These sections provide as follows:

(2) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(3) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(4) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(5) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(6) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(7) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(8) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(9) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(10) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(11) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(12) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(13) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(14) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(15) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(16) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(17) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(18) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(19) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(20) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(21) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(22) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(23) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(24) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(25) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(26) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(27) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(28) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(29) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(30) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(31) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(32) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(33) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(34) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(35) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(36) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(37) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(38) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(39) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(40) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(41) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(42) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(43) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(44) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(45) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(46) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(47) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(48) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(49) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(50) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(51) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(52) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(53) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(54) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(55) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(56) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(57) Notwithstanding anything contained in The Crop Payments Act relating to agreements for sale or mortgage of land to which the principles of law relating to sale or mortgage, or in any other agreement for sale or mortgage, or in any other agreement for sale or mortgage of farm land, or in any share of crop lease collateral to a mortgage or agreement for sale of land, but subject to the provisions of section 3, the rights of a vendor or mortgagee, or his assignees, shall not be affected.

(58) Notwithstanding anything contained in The Crop Payments Act relating to

## THREW AWAY HIS STICK

### When Sciatica Yielded to Kruschen

There can be no doubt that this man has been shades walking with a stick, for it is now four years since he discarded it.

He writes: "For 18 months I suffered from sciatica, pain in the right leg, constant sciatica and rheumatism, and was unable to walk without the aid of a stick. But after taking Kruschen Salts for a short time, I was able to throw away the stick. Since that time, since that has happened, and I have had no return of the complaint, and have not lost a day from work. I shall never be without Kruschen Salts, as they are worth their weight in gold. You can use th's letter as you please, as I can honestly recommend Kruschen Salts to any sufferer!" —C. F.

In the eliminating organs become sluggish and the body retains uric acid to accumulate and deposit itself in the tissues, muscles and joints in the form of needle-pointed crystals which cause extreme nerve shocks, causing extreme pain in sciatica. The six salts in Kruschen Salts are the eliminating organs to healthy, regular action. Mischievous uric acid is then given no chance to collect.

## Sailed Uncharted Waters

### Captain Bernier Discovered Many Islands To North Of Canada

Many men cherish secret hopes of living to the century mark but Captain J. F. Bernier, the octogenarian French-Canadian seafarer who is credited with charting more islands for the British empire than any other man, openly declares that it is the mark he is out to reach.

Hardships have only served to harden the weather-beaten frame of this mariner who sailed the seas for more than half a century and who today is equal to physical feats that would beat many men of half his age.

Short and stout, his hair bushy and white, Capt. Bernier is still game for anything. He retired from the sea in 1927, but fairly brisk ascent of 40 stairs won't take his breath away today. Cultural pursuits are now occupying his time. A fellow of the Royal Geographical Society, he is lecturing on "The Conquest of the Arctic," in which he took such an active part.

Born at L'Isle, Que., 81 years ago, he was only 20 when he became captain of a Liverpool ship that took him across the seven seas. For more than 20 years he sailed this merchant vessel and then offered his services to Queen Victoria to head expeditions to the Arctic. Many of the islands directly to the North of Canada were discovered and charted by him. To him also goes credit for discovering the remnants of the ill-fated Franklin expedition to the North Pole.

It was on his way to the North Pole himself in 1904 when orders from the Department of Marine compelled him to abandon the expedition and patrol the Atlantic coast in search of run-runners. "Even in those days we had to be on the watch for them," he commented.

Captain Bernier has the distinction of going farther north than any other Canadian.

### Libraries Are a Necessity

#### Education Is An Endless Pursuit Of Knowledge Throughout Life

Rev. T. Bart Howard, president of Ontario Library Association, told the 53rd annual conference at Toronto, that free libraries have become a necessity of civilization. "Libraries are no longer thought of as a place to find second-rate reading," he said. "They are a source of information. Education does not end with university but is an endless pursuit throughout life."

The world's most heavily loaded gate date is being built in New Zealand. When completed, the water pressure on its face will amount to more than 2,000 tons.

Northampton, England, will reserve 1,468 acres for the use of unemployed, who will be supplied free tools, seeds and fertilizers.

## QUIVERING NERVES

### Yield to Lydia E. Pinkham's Vegetable Compound

When you are just on edge... when you can't stand the children's noise... when everything is a burden... when you are irritable and blue... try this medicine. 98 out of 100 women report benefits.

"It will give you just the extra energy you need. Life will seem worth living again."

W. N. U. 1901

### Words In English Language

#### Two Hundred Thousand In Us and Fifty Thousand Obscure

It seems there are 250,000 words in the English language, approximately three times as many as in any other tongue, according to a survey in American Speech, issued by the Columbia University Press.

Totals recently advanced by Dr. Frank H. Vizetelly, dictionary editor, and Harold Wentworth, former associate editor of a dictionary, are challenged by Prof. Robert L. Ramsay of the University of Missouri, who conducted the study. Dr. Vizetelly's estimate was 1,000,000 words; Wentworth's was two to three million.

"After adding in all the obsolete and alien words, we reach a total of something like 250,000; and 250,000, it seems to me, is the only legitimate and authoritative total to cite as the number of words in the English language. Over 50,000 of these are obsolete," declared Prof. Ramsay.

### Collie Saves His Master

#### Led Members Of Family To Man Helpless In Storm

John Guthrie, rancher of Milk River ridge country, Alberta, owes his life to his faithful and sagacious collie dog.

While rounding up cattle in a recent snowstorm his cow pony slipped and stumbled. Guthrie was thrown to the ground sustaining a badly fractured leg. He tried in vain to drive his pony home. It stuck beside him refusing to budge.

Not his collie. The animal seemingly sensing the serious plight of his master, trotted home through the storm and led members of the family back to the man's side. His condition was grave when they arrived, but he is now recovering at Lethbridge hospital.

### Hairless Pigs And Iodine

#### Iodized Salt Is Recommended For This Condition

Gout in calves and lambs and hairlessness in pigs are prevalent in districts where there is a deficiency of iodine in the soil. In such districts the use of potassium iodide in the form of iodized salt is advised by the Dominion Department of Agriculture.

Commercial iodized salt can be purchased, or, if it is desired to mix it at home, the procedure is simple.

Spread out 100 pounds of dry common salt evenly on a clean floor, and after dissolving two ounces of potassium iodide in sufficient water, sprinkle the liquid evenly over the salt. A good rule in feeding salt to swine is to feed one-half pound per pig per month, varying this according to the size and age of the pigs.

### Wet and Dry Years

#### Study Of Weather Records Over Period Of 48 Years

A study of the meteorological records for 48 years at Medicine Hat, which is the central point of the short grass plains, or so-called dry area, indicates that the driest year on record was 1886, and 1927 the wettest. Dry years occurred previous to 1900 and have happened periodically ever since. Information already obtained by the Dominion Range Experimental Station at Maryborough, Alberta, where investigations have been planned to study the effect of climatic changes from year to year, shows the absolute necessity of making provision for dry years by controlled grazing and the development of a permanent water supply.

### Einstein Going To France

#### Accepts Chair Of Physics and Mathematics In University

Prof. Albert Einstein, the scientist who at present is residing at Cog-sur-Mer, in Belgium, has notified French friends that he will accept the chair of physics and mathematics in the University of France, it was revealed recently.

"It is with great gratification that I accept the honor which France renders me," Dr. Einstein wrote friends. He is living in self-imposed exile from Germany during the present anti-Jewish regime there.

### Schooling Was Cheaper

Mexico rakes old Bolan prison to make a playground for school children, being impelled, possibly by an economy survey which disclosed that it cost \$300 a year to keep a man in prison and only \$100 a year to keep a boy in school.

### Sculptor Takes Photographs

W. F. Engelman, sculptor in Los Angeles, Cal., uses an apparatus which photographs his subjects instantaneously from every possible angle, thus getting "form and expression" as the basis for his work.

### Foreign Tourist Traffic

#### Fewer Automobile Tourists Come To Canada In 1932

A Dominion-wide summary covering foreign tourist traffic in 1932, compiled by the Department of National Revenue, shows that over 400,000 foreign automobiles were entered for touring purposes last year through Canada's frontier ports, 800,000 fewer than the previous year.

While totals from every province show decreases, several of the ports show substantial increases. The summary also shows, a shrinkage of about 160,000 in the number of Canadian cars reported outwards for touring purposes.

The total number of foreign tourist automobiles reported inwards by provinces in 1932, together with the previous year, were: Ontario, 3,049,586, decrease, 642,134; Quebec, 536,146, decrease, 109,789; New Brunswick, 287,090, decrease, 12,978; British Columbia, 143,879, decrease, 25,596; Manitoba, 45,604, decrease, 1,004; Alberta, 21,575, decrease 10,379; Saskatchewan, 20,736, decrease, 3,751; Nova Scotia, 1,161, decrease, 580; Prince Edward Island, nil, decrease one.

Canadian automobiles exported for touring purposes in 1932 numbered 376,837, as against 536,855 for the previous year.

### Possible To Prevent War

#### Human Lives Should Not Be The Price Of Political Mistakes

There is one issue on which all persons and all individuals, no matter what their particular interests may be, must make some decision.

Because this issue—War or Peace—involves more than politics. It involves lives.

It is possible to prevent war. If every individual who profoundly believes that no question is finally settled by killing or being killed, will hold to his belief and arm it publicly and be guided in his actions only by that belief, war will be an impossibility.

War is made not by the majority of the inhabitants of a country but by the maladjustments of governments. But it is fought by those inhabitants. It is time they realized and asserted that their lives were above the price of political mistakes.

Some of the generations ripe for slaughter, have taken this stand. They have discovered, if their elders have not, that wars are always lost and that there is something greater and more civilized than being a good loser.—The Twentieth Century.

### Brandon Fair

#### Directors Of Manitoba Exhibition Have Completed Prize List

The directors of the Brandon Provincial Exhibition have completed the prize list for the 1933 exhibition and it has been referred to the federal department of agriculture for approval, in accordance with new regulations issued by the Dominion authorities. In line with the policy adopted some time ago, the department of agriculture will have to put its stamp of approval on all awards before any exhibition can secure the federal grant.

The grant this year for each class "A" fair in the western Canada circuit is \$2,500. Two years ago the sum of \$5,000 was donated annually, but economic conditions resulted in a fifty per cent. paring. After the prize list was well under way in 1932 the federal authorities announced the decreased amount of the grant, but the directors were able to revise the awards in time for the exhibition that year. The 1933 prize list is substantially the same as it was a year ago.

### Proposed Sugar Refinery

#### American Sugar Beet Company May Operate In Manitoba

Erection of a 1,300-ton beet sugar refinery in Manitoba costing \$1,500,000 will be started immediately if the federal government will grant a draw-back of 50 per cent. of excise tax on all beet sugar production in Canada, J. M. Davidson, secretary of the Industrial Development Board of Manitoba, announced. The project would be financed and operated by the American Sugar Beet Company of Denver, Colo.

### Seed Buyers Protection

Farmers who buy seed from their neighbours should protect themselves by asking to be shown the grade certificate issued on the seed by the inspector of the Dominion Seed Branch. If the certificate is marked "Rejected" the sale is illegal and the use of the seed full of dangerous possibilities. The Seeds Act of Canada was enacted to check the menace of dirty seed and it applies to everybody without exception who sells seed.

### Minard's Liniment

### MINARD'S "KING OF PAIN" LINIMENT

#### The Youngest Nation

#### Germany In Its Present Shape Dates Only From 1870

John Hallatt, writing in the London Fortnightly Review, says the modern Germany is the victim of a complex which, like other complexes, can be explained in terms not of the present, but of the immediate and even of the remote past. The fact that Germany is the youngest born of the great nations is deeply rooted in German national consciousness.

Italy, whose national unity dates

from 1861, is only a few years older than Germany.

Germany, however, is quite different genetically. If she is

self-conscious about her youth, she is also proud of it. She rather fancies herself in the role of an infant terrible of the European family. She has the frank gaiety of the youth and suffers from no repressions.

In Germany the position is reversed.

There is no German festival of the

gymnastics.

Nobody wants to remember

that two German people fought each

other as recently as 1866, and that the German nation in its present shape dates only from 1870.

The German is secretly, perhaps subconsciously, ashamed of his youth. In his dealings with the world he likes to throw into relief those elements of German unity which existed for centuries before there was a German nation.

#### Recipes For This Week

(By Betty Barclay)

#### EGG JUNKET

1 tablet for junket. 1 tablespoon cold water. 2 egg yolks. 3 tablespoons sugar. 1 pint milk. 1 teaspoon vanilla flavoring.

Small pinch salt.

Dissolve tablet for junket in one tablespoon cold water. Beat egg yolks, add sugar, salt, and vanilla flavoring to milk. Warm to lukewarm—not hot, stirring constantly. Add dissolved tablet for junket. Stir quickly a few seconds and pour into dessert glasses. Chill refrigerator. Recipe makes five servings.

#### ANCHOVY CREAMED EGGS

6 shredded wheat biscuits. 3 tablespoons butter. 3 tablespoons anchovy paste. 6 hard boiled eggs.

2 cups white sauce, onion flavored. Split shredded wheat biscuits and toast. Blend butter and anchovy paste and spread on toasted biscuits. Slice eggs and beat in white sauce. Serve over prepared halves of shredded wheat biscuits. Six portions.

#### Refusal Lucky For Woman

#### Old Bill Refused By Antique Dealer Worth Hundreds

Need money for the necessities of life, a woman brought some old Confederate bills to an antique dealer in Houston, Texas.

He offered her ten cents apiece for twelve of them, but declined to take the thirteen.

"He was afraid of it, it was so old," said the woman.

But the dealer took her to bank where she received \$100 in crisp bills.

The \$100 note was in United States currency and had laid away with the old Confederate bills for nearly half a century.

#### New Electric Device

Ivan Taylor, 16-year-old schoolboy, of Colorado Springs, Colo., is the inventor of an electrical apparatus with which he can kill grasshoppers eight feet away and reaches four feet distant by application of an invisible or black ray.

## More Iron Needed Is Doctor's Advice

Doctors know that iron is a great strength and energy builder—that lack of iron makes you a slave to "tired feeling," headaches, nervousness and other ills. Once this iron is restored strength comes back quickly—and you feel like your old self again. But be sure that the iron is easily assimilated—like the iron in Peptona. Get a 20 oz. bottle today.

## LOCAL AND GENERAL

Service at St. Albans on Sunday, May 7, will be holy communion at 11:15 a.m., Sunday school at 12:30 p.m.

Mrs. A. Hammer, and her brother, John Krosing, recently visited relatives and friends at Coaldale.

Ray Dunlop returned last week from Drumheller, where he has been working for some months.

Rev. Fr. Lehman, of Bow Island, a recent visitor here, to few days, visiting some of his former parishioners.

On April 25, at 3 p.m., in St. Paul's United church, Rev. Roy Taylor officiating, Ivy May Johnson, of North Fork, was married to Frederick Johnson of Lundbreck. Jack Ball was best man, and Patterson bridegroom. The newly-weds will live on a ranch near Lundbreck.

Rev. Father Stepanski, of Coleman, was here last week conducting a three days mission for the Polish and Slav people. Special services were held at Holy Ghost Church, and during his visit here Father Stepanski was a guest at the Holy Ghost rectory with Father Speckmayer.

The marriage took place on Tuesday, April 24, of Miss Pauline Buckens to Mr. Joe Luckachuk, at Holy Ghost church. The bride is the daughter of Mr. and Mrs. Andrew Buckens, well-known residents of Coleman. The newly-weds were the recipients of many nice presents and good wishes from a large circle of friends.

Mr. Alex Cameron, after spending the winter in Coleman, as has been the custom for a number of years, returned recently to his ranch at Wyndell, where he will spend the summer. He finds that his health shows a great benefit to his health. For many years he has taken a keen interest in Coleman schools, being the first chairman of trustees, or more years ago. Though no longer a trustee, he still takes great care in going over the annual reports.

The only way in which business can be progressive is by using progressive ideas and methods. If you own a business or store, you must use initiative, and be progressive. It is not sufficient to say, "We know where I am." It takes more than that to bring people to a store. People want to know something of the general price, and the best way to inform them is by carrying a steady advertisement in The Journal. The most persistent and aggressive merchants are regular advertisers.

Though endeavoring to maintain weekly publication of The Journal, last week no paper was published, owing to lack of advertising revenue. It is equally disappointing to ourselves as well as the public to be forced to do this, as there is much of local interest in the community, and which the public wishes to keep informed. It is impossible for us to collect edit and set in type the news if there is not sufficient revenue to bear the cost of publication. The exigencies of the times compel us to do many things which we do not like.

Ernest F. Gare, former proprietor of the Coleman Journal, who sold out in 1927, and after living in Vancouver and Govan, Sask., opened in business in Saskatoon, has sold his interest there to Mr. Gare and family plan on settling in British Columbia if they find a suitable opening. On April 22 and 23 they were visiting many friends and were the guests of Mr. and Mrs. Jim Flynn during their stay. Though their stay here was brief, quite a large number of friends and acquaintances met them, and they enjoyed their visit here, where they lived for over five years.

**Blairmore Quints  
Play at Coleman**

COLEMAN teams, boys and girls, met the Blairmore Y. P.s and Question Marks at the Coleman Opera House on Wednesday, April 26. The final play was held with Coleman opening the scoring. Both teams played haphazard basketball, but Charlie's "How's" soon unglued themselves and took the lead, winning by 12 to 22.

The Adanac Y. P.s closed next, with the former clinching up 10 to 0 before Blairmore could catch their breath. The Y. P.'s were off their sheen, and were not getting the breaks, but Charlie's played a fine defensive game, feeding Price, who notched 24 points and MacDonald, who was good for 14.

The locals broke from offensive to defensive and vice versa more quickly than the visitors and exhibited some fine teamwork in spirit. The game was a little rough in places, with Cousins being sent into exile half-way through the second half.

The final score was 45 to 18 for the Adanacs.

**The Lineups**

Adanacs—McLeod 7, M. MacDonald 0, P. MacDonald 7, Bell 3, Jackson 5, Atkinson 0, Milley 0, Tait 3.

Question Marks—Rae 1, McDonald 4, Kemp 5, Howie 12, Hewitt 2, Thompson 4, Patterson 4, Total 32.

Adanacs—Price 24, Atkinson 0, MacDonald 14, Cousins 0, Spillers 3, Evans 1, McLean 1, Bell 1.

Y. P.'s—McKeeve 1, A. McKay 0, Holmes 4, McPhail 0, T. McKay 5, Morgan 3, Tiberg 4, Blake 1, Total 18.

Charlie Howe was referee for both games.

## Director of Fisheries

### Urges Co-operation to Conserve Fish

Addresses Gathering of Rod and Gun Club Members from Pass.

Hilcrest Rod and Gun Club entertained a number of visitors from Pass to attend the annual meeting of the Rod and Fishing section of the provincial government at an informal gathering at Hilcrest on April 29, in the community hall.

R. T. Rodd, director of fisheries; A. G. Smith, forestry superintendent; F. E. Bleflegen, forestry director; J. H. Boulton, forest ranger; T. Kocher, forest ranger; L. G. West, district forester; J. H. Holmes, fish guardian, were present, and took part in the discussions pertaining to stocking of the streams, forestry protection, fish conservation, illegal fishing, and trails and bridges.

A. Warner, of Hilcrest, extended an invitation to the visitors, including

E. C. Unrichskank, M.L.A., for Rocky Mountain constituency; Jack Wyatt and Bill Fisher, represented Bellevue Rod and Gun Club, and four from Coleman, including Maurice W. Cooke, Short, Sidney C. Short and H. Halliwell.

Considerable discussion arose over

the closing of streams at Racecourse Creek, Lost Creek, and the upper reaches of Castle and Caribou rivers.

The consensus of opinion was that if fish life is to be conserved, it would be necessary to keep these streams closed as far as is practicable from the main rivers are supplied.

**Stock Co-operation**

Mr. Rodd pointed out that no matter how vigilant rangers and fish guardians may be, they must have the co-operation of true sportsmen, for they had a wide territory to cover.

He also pointed out that the government was allowed by the government for carrying on this work. He also pointed out that the revenue from licenses was only a small portion of the cost of managing the fisheries of the province.

On a request that the season open earlier than April 15, Mr. Rodd pointed out that he could not recommend this as it had to be regulated by the spawning season in this district, and he considered it would be harmful to conservation if the opening date was advanced.

He gave a list of the streams to be re-opened this year, which included a large number of trout streams in the area.

A vote of thanks to the visitors was proposed by A. Amphlett of Hilcrest and seconded by A. F. Short of Coleman.

## Local News

Frs. Fred Antrobus attended the musical festival held last week in Cranbrook.

Adele Whiteside and Jean McDonald returned from Alberta University on completion of the term.

Mrs. E. Holstead of Macleod returned last week after spending a few days with her son and daughter, Mr. and Mrs. T. Holstead.

A party of young people gave Mr. and Mrs. Edgar Reid a surprise party on Thursday evening, April 27, and the entertainment committee of the Adanacs Club presented Mrs. Reid with a bouquet of flowers.

Mrs. G. Oldfield recently underwent an operation in Calgary to improve her eyesight, which had become seriously impaired from the growth of a cataract. It is reported that the operation was successful.

Walter Frederickson, of Quality Motors Cheresloine, has been engaged as mechanic at Sentinel Motors, and a pageant-wardrobe in this issue will interest car owners. Customers are assured first class service and workmanship.

## BIRTHS

To Mr. and Mrs. A. S. McLintock, on April 23, a daughter.

## ANNOUNCEMENT

Dr. A. Shore, of Drs. Gunn, Hackney & Shore, Calgary, will be at the office of Dr. R. F. Stewart, Blairmore.

Anyone wishing to consult him with regard to eye, ear, nose or throat or to be fitted with glasses, please make appointment with Dr. Stewart.

## ANNOUNCEMENT

Mr. and Mrs. Joe Tatland announce that they will continue to make regular trips to the Pass town. This statement is inserted to contradict rumors which have been circulated concerning their business.

## CLASSIFIED ADVERTISEMENTS
